

## ***Health and Safety Policy***

*“Every load’s safe delivery in a courteous manner  
takes priority over all else.”*

*This is the foundation on which Miller Transporters was built and it will remain so as the Company moves forward. This commitment reaches throughout the organization and includes each person, regardless of assignment.*

*This is demonstrated in the high standards of professionalism set for the selection, training, and retention of drivers and staff. It is further reflected by providing properly maintained equipment and the best possible tools.*

*Continuous improvements in the areas of Health, Safety, Security and the Environment are achieved through regular reviews of current performance. These evaluations allow goals, objectives, and targets to be set that result in safer and better performance.*

*The Company’s intent is to fulfill its commitment to the Responsible Care Guiding Principles as well as comply with all other legal and regulatory requirements to which it is subject or subscribes.*

*The business activities of Miller Transporters impact not only the Company but also numerous stakeholders. The Company will communicate and respond to stakeholder concerns to the best of its ability.*

A handwritten signature in black ink that reads "Lee Miller".

*Lee Miller  
President*
